

Square Payments Testing

The below cards are demo dummy cards you can use to test taking orders with the testing server for Square payments.

Visa

Number: 4111 1111 1111 1111

CVV: 111

Expire: 11/25*

Zip code: 90210**

Mastercard

Number: 5105 1051 0510 5100

CVV: 111

Expire: 11/25*

Zip code: 90210**

*or any date in the future

** the testing server seems to default to US address settings despite the address you fill in so will ask for a Zip code, it has to be real so I have used a real California zip code

A Full test payment card list is available along with values that will test card errors at:
